Claim 561

NR 254.2 (FF Trans.):

I hereby petition for the right to my houselot here in Honolulu. This place...is not mine from long ago, but is a replacement for my former place which was taken by Hotel Street at the place of Kekela ma and a place within the enclosure of the Chinese Hotel. At the time the Honolulu streets were being laid out [1838], I went to live at this place for which I petition you. Kekuanaoa gave me this place because of losing my former place to Hotel Street. I have lived peacefully at this place where I have lived with my makuakane until his death. On his death he bequeathed this place to me, and I have been here until this day. Kalei X her mark

FT 60.2 November 12, 1847:

Kahala, sworn, says I know this place from 1837. Claimant has lived there from that time to this. Received it as replacement when the roads were built.

John Ii, sworn, confirms. It is fenced and has upon it two houses and a well. Freehold voted 17th Inst.

NT 366.2 Nov. 12, 1847 [after SN trans.]

Keala, witness, knows place. Kalei has lived there since 1836.

Bounded... Kalei's interest was purchased from the Governor [sic; read, exchanged by the Governor]; her former place was below, and when it was taken by the governor, this place was given to Kalei.

John Ii, witness: knows this place. The governor is the claimant [sic; read, had the right] to that property and because Kalei's property had been taken for the street [1838] the governor had given this place to Kalei.

Enclosed, with 2 houses within. There is a well also.
